

**Bob Eck**

*President, Land Development*

Since 2014

---

Mr. Eck brings over thirty years of experience in the acquisition, planning, entitlement, and execution of residential and commercial land development projects, including active-adult and traditional master-planned communities. He oversees the Land Development business platform for Broe, providing vision and strategic leadership for its long-term growth.

**Experience**

Before joining the company, Mr. Eck was Principal of Land Asset Strategies, LLC, a company he formed in 2006 to provide development consulting and project management services to owners, developers and builders throughout Colorado. Mr. Eck has also held executive-level roles for industry-leading companies in community development and homebuilding, such as the Del Webb Corporation, Mobil Land Development Corporation, Pulte Homes and Taylor Morrison Homes.

**Education**

Mr. Eck's educational background includes a B.S. in Civil Engineering from Michigan Technological University.
